Geography Revision Activities

1. Mind Map Challenge

- **Topic:** Natural Hazards or Urban Issues
- **Activity:** Create a large mind map with sub-branches for causes, impacts, and management strategies. Use color coding for social, economic, and environmental impacts.
- **Why it works:** Helps visualize connections and recall case study details.

2. Case Study Flashcards

- **Topic:** Any case study (e.g., Haiti Earthquake, Rio de Janeiro)
- **Activity:** Make flashcards with:
 - **Front:** Case study name + key question (e.g., “What were the primary impacts of the Haiti earthquake?”)
 - **Back:** Bullet-point answers.
- **Why it works:** Quick recall practice for exam-style questions.

3. Exam Question Relay

- **Topic:** Paper 1 or Paper 2 themes
- **Activity:** Write 5 past-paper questions on slips of paper. Answer one, then pass to a friend or swap with another question. Time each response (5-8 mins).
- **Why it works:** Builds exam technique and time management.

4. Map Skills Drill

- **Topic:** Physical landscapes or fieldwork
- **Activity:** Practice interpreting OS maps:
 - Identify grid references, contour lines, and calculate distances.
 - Sketch a cross-section of a landscape.
- **Why it works:** Strengthens applied skills often tested in Paper 3.

5. “Explain It to a Friend”

- **Topic:** Climate Change or Resource Management
- **Activity:** Pick a concept and explain it in simple terms as if teaching someone with no geography knowledge. Record yourself or do it live.
- **Why it works:** Teaching reinforces understanding and highlights gaps.
